

# KRIS & BECKY C

During the week you will find Kris working as a Learning and Development Trainer. He enjoys working with others, using technology and teaching skills to new employees. Becky can be found working at the hospital. She enjoys helping others, working in a fast-paced environment, and seeing what the excitement of the day is going to be. The seasons in South Dakota have us being outside as much as we can be. We like camping, going for walks, sitting on our deck, playing games, sitting by the fire, playing in the snow, and spending some downtime watching movies during the colder months. We have one dog, and his name is Tucker. He is 9 years old and brings us so much joy.

We have been together for 8 years and married for 2 years. We both value family time and spend as much time as we can with our immediate and extended families. We have been wanting to build our own family and adoption feels like it is the best way for us to do that. There is so much love and respect for the birthmother and families who choose this journey. Our view of what adoption is for us as a family, is that we remain in as much contact as we can be with what is being asked of us. We want to be able to accommodate to the requests and having everyone's best interest in mind. We have been on our own journey, and we are ready to have the journey of adoption brings us all together. There are ups and downs on this path, but through it all there is faith.

We are ready to be on this new adventure with all our love and support that surrounds us. Thank you for taking the time get to know us through this glimpse of our life. We do have a more in-depth portfolio that is available for you to look at. We hope you take the time to look, ask questions and choose us to be on this courageous journey with you.

**5  
Fun  
Facts!**

**We want to travel to Australia**  
**Like to play cards**  
**Vacation in the Black Hills is a favorite**  
**Can often be found watching sports**  
**Favorite Food: Kris-French Toast. Becky- 7-layer salad**
