

Hello!

Meet Nate & Kristin

We are so excited to be on this wonderful journey! You are so courageous for considering adoption. Building our family through adoption is something we are anxious and hopeful about. We wish to have an open adoption and maintain a relationship with the birth mom. Thank you for taking time to meet us and we would love to share more about our lives with you.

We have been married for 13 years and have one son, H. Kristin is a 1st grade teacher and Nate is a financial advisor. We love spending our North Dakota summers boating, biking, swimming, and doing any outdoor activity. In the winter, we enjoy skiing, reading, and traveling. Spending time with our family and friends is very important to us.

The N Family
