

# MATCHED

**HELLO, MY NAME IS JESSICA.** I am so excited to become a mother, and I found an adoption agency that welcomes single adoptive mothers. I am very hopeful to bring a child into my heart and home. I found out I could not have children of my own, the adoption journey can be very difficult at times, but has helped me see that my dream of becoming a mother is still possible through the love of another mother. Thank you for taking the time to consider me, a more in-depth profile is available, I am looking forward to meeting you!

## LITTLE BITS OF THIS & THAT

1. Growing up I wanted to be a romance novelist or an astronaut.
2. I can write backwards, in cursive.
3. Baking is my biggest passion and I love to try new recipes!
4. I am in my happy place when I am hiking in the mountains!
5. I have lived in the Midwest most of my life.

**THE BABY'S ROOM** is painted and almost ready to welcome a miracle. I cannot wait to be a mother and be able to watch my little one grow and learn over the years. The thought of one day being chosen to raise a child makes my heart swell with joy! The love that my home has to give will be complete and honest, exactly how a mother feels for their biological child and my dream cannot happen without you!
