

Hello from the C's! *Cameron and Christy*

We met online through a dating site in 2013, we were engaged in 2014 while going to college, and married in 2016 shortly after graduating. We began our respective careers, Cameron a precision machinist, Christy as a nurse in the Black Hills of SD. More time than not, we are at home with our pets playing some sort of game; card/board/video games are common around the house. We also enjoy going out into the Black Hills, visiting National Parks, spending time with family/friends. We visit The Sandhills of Nebraska often where Christy's family lives.

We knew wanted to grow our family and have been working towards that goal since 2017. We know that birth mothers/families are making a selfless, loving decision by choosing adoption and we want to thank you for taking the time to learn about us. We are looking forward to what this adoption journey will bring our way!
