

CHRIS & KAYLA

THE D FAMILY

We have been married for 6 years and live in North Dakota. Chris is a general manager of a distribution company and Kayla is a middle school teacher.

Chris likes playing music, golfing, and watching movies. Kayla enjoys baking, reading, and playing with our dogs. Together we love spending time making memories like fishing at the family lake cabin, enjoying holiday traditions, playing trivia and video games, and sharing delicious meals with our loved ones.

We are proud to be a blended family including a parent, step-parent, and our son "O". He is a sweet, gentle kid who can't wait to become a brother.

As a couple, we have always been led to adoption. We knew early on that a pregnancy would be unlikely for us, and that adoption was a beautiful way to grow and share our love as a family.

Thank you so much for taking the time to learn a little bit about our family. We are open to the level of openness you are comfortable with and look forward to getting to know you better as well. We hope you got a glimpse of who we are and that our children will always be loved, supported, and taught that what makes them unique can be their greatest strength. We cannot wait to start this adventure with you!
