

# Hello!

## MEET THE W FAMILY

We're Joshua and Leann and we live in Nebraska. We have been a couple since high school and have been married for 18 years.

Josh is an electrical engineer for a local utility company. He is a joker and loves to learn. His favorite past time is reading, but also loves taking photos and cooking (and eating)!

Leann is a retired CPA and stay-at-home-mom. She loves her family and her pets, and is always on the lookout for them. She likes to scrapbook and walk and play with her dogs.

We have two wonderful daughters. Our first daughter, J, joined our family through adoption in 2020. And we gave birth to our second daughter, A, a year later in 2021. They are so silly and smart and we love them so much. We have tried unsuccessfully to add to our family for the past few years and know our girls will be great big sisters.

We have an open adoption with J's birth family. We share regular photos and we meet with her birth family every summer in Oklahoma. This connection has been really amazing and is really important to us. If you choose us and are willing, we would welcome another open adoption experience.

Thank you for taking the time to read about our family. Please check out our profile book to learn a little bit more about us.

### Fun Facts

- We have two large dogs and a cat.
- We love to travel. We have been to 28 states and Japan, Italy, Ireland and Canada.
- We enjoy playing couch co-op video games.
- We have 14 nieces and nephews.
- We dress up as a family for Halloween. Even the pets get a costume!
