

MICHAELA & SPENCER

Hello!

We live in Sioux Falls, SD in a nice and friendly neighborhood. Michaela is a HR/Office Manager in the medical field and Spencer is an Electrical Apprentice for an industrial company. We both believe that family is very important and can't wait to raise our kids around our families. Both of our families are overjoyed with our decision to adopt. We spend our days together by going on walks, working out, playing a game, hanging out with our pets or just watching a movie or show! We can't wait to bring kids into the mix!

5 THINGS ABOUT US:

- We have 3 dogs and a cat
- we are high school sweethearts
- we love roadtrips
- we love game nights with family and friends
- we attend the same church as Michaela's family and worship together weekly

We have always wanted to become parents and grow our family. After struggling with infertility for the past few years we know God is calling us to adopt. We know how much love and sacrifice it takes to place your child up for adoption and we admire and thank you for your bravery. We are looking forward to building a relationship with you! Thank you for reading a glimpse at who we are! We would love for you to read our full profile book!

WITH LOVE,
THE H FAMILY
