

# 5 things about us

- We have 2 dogs named Gunner and Ruger.
- We love being active; participating in golf, darts, basketball, baseball, and running.
- We love being outdoors checking cows, hunting, fishing, boating with friends, walking the dogs, or riding 4-wheelers.
- We hold volunteer positions in our community; Cody is the Fire Chief and coaches 10U baseball. Lexie coaches a running program for young girls.
- Both our parents and lots of family live in our town or neighboring towns.

## The B Family

We live in small town Nebraska in a loving community surrounded by our family and friends. We love being involved in many activities, and you can find us outside year round. We are either hunting, fishing, playing sports, or with our animals! We have a strong desire to be involved in our community through volunteering, youth programs, church and town events. We began dating in 2021 and have been married since Sept. 7, 2024. Our home is filled with constant laughter, and we are truly best friends!

Lexie is a photographer capturing special moments for everyone. Cody is a welder/trucker that can fix about anything he lays his hands on. We've always whole heartedly wanted to be parents, so we started our adoption journey soon after getting married. We both knew of our infertility years before dating, and felt God playing huge role in bringing us together and leading us to adoption. We cherish you for taking the time to get to know more about us, and look forward to meeting you.

Our hearts go out to you as you pursue this loving and selfless journey. We are prepared to embrace all cultures and ethnicities, as well as respect the level of openness you choose for your adoption plan.

all our love, *Cody and Lexie*
