

Ashley and Austin

Hello we are Ashley and Austin S! We live in North Dakota and have been married for 8 years. We were both raised in North Dakota and love having family close by. We have two dogs, a Pug named Jax and an Alaskan Klee Kai named Raya.

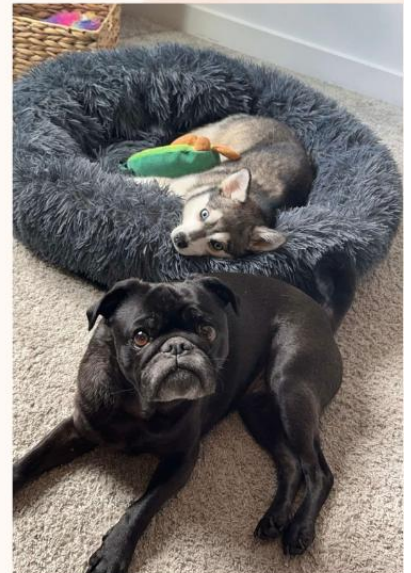

Ashley is a nurse at a local hospital. Austin works remote from home as a software engineer for a tech company. We live in town in a wonderful neighborhood close to schools and parks. There are always family friendly activities going on in our community and we can't wait to do more of them in the future.

In our spare time you will find us going on walks with our dogs, going on bike rides, playing pickleball, spending time with friends and family, and trying out new restaurants.

Adoption has always been a desire of ours. We both have friends who were adopted and we love hearing about their stories. We love that there are so many different ways to be a family. We will raise any future child to be their own person while also celebrating where they come from. We would like to have an open adoption so we can keep you updated and send pictures but we will respect the level of openness you want in the adoption.

We have so much love to give and we can't wait to grow our family through adoption. Thank you for taking the time to get to know us!

With Love
Ashley and Austin
