THE K FAMILY

A GLIMPSE INTO OUR LIFE

We are Sanford + Lilly and our darling little girl C. We live in sw nebraska in a tiny little village.

Sanford works in trailer sales business, he works with parts and in the shop.

Lilly is living her dream of being a stay at home mum. We also take baked goods like cinnamon rolls, butterhorns, bagels, loaf bread, and pies to farmers market in the summer, every saturday.

We would love a little sibling for our precious girl and we have loved to get to know her first mama so much and have such an amazing relationship with her. We feel adoption is such an amazing thing, and you really are very admirable for considering it. Thank you for taking the time to take a peak at our life. We genuinely hope you find what you are looking whatever it may be.

Wishing you sunshine today
